ABOUT ICO

ICO transforms bathrooms into a personalised oasis with a versatile product line delivering luxury craftsmanship and architectural integrity.

Introduce luxury spa-like elements into your bathroom designs with ICO's towel warmers, LED mirrors and bath accessories.

As a family-run business, we pride ourselves on our company values, as well as an unbeatable team all united around our mission and vision.

Become inspired, and bring your unique style to life.

THE SAGE

Staying on trend with green tiles and fluted glass, we also mixed in a classic terrazzo stone to create a stylish yet timeless design in the Sage room.

We wanted Matte Black to be the star of the show in this space, incorporating it on our unique Ortona towel warmer, Lava accessories, and striking two-toned Cavalli vessel sink.

The design of the vanity complements the space with a subtle nod to modern design, but doesn't make a statement, allowing for the widely popular Gemma LED mirror to boldly stand out.

TOWEL WARMERS

FLUID-FILLED

Fusing together contemporary design, comfort and luxury, this exceptional range of towel warmers is crafted from the finest materials and assembled in Canada with CSA approval. These towel warmers are liquid-filled with water and glycol, preventing rust and providing even heat throughout. ICO believes your bathroom should be your sanctuary and reflect your unique design ideas, so we have designed a bold, balanced and timeless range of towel warmers to truly reinvigorate your space and add a spa-like atmosphere to any room.

TOWEL WARMERS

DRY WIRE

This range is the ultimate, affordable choice for luxury towel warmers in North America. This gorgeous collection is available in a range of striking silhouettes and on-trend finishes, crafted with the finest materials to stand the test of time. These towel warmers have a dry wire weaved throughout to disperse the heat and can be hardwired or plugged in.

THE DUNE

Tranquility at its finest, the Dune room has a stunning design that effortlessly merges natural materials with contemporary aesthetics. The Sorano towel warmer in Brushed Bronze is the statement piece of this space; it stands boldly and complements the earthy, textured style of the bathroom. The two Kiara LED mirrors match perfectly with their Brushed Bronze finish, reflecting natural light onto the limewash walls.

We love the look of wall-mounted faucets pouring into our stunning Bassini vessel sinks, giving a 5-star experience while washing or grooming. To tie everything together, our Glow accessories in Brushed Bronze complement the rounded features of the faucets and creates a sense of balance in the room.

LED MIRRORS & MEDICINE CABINETS

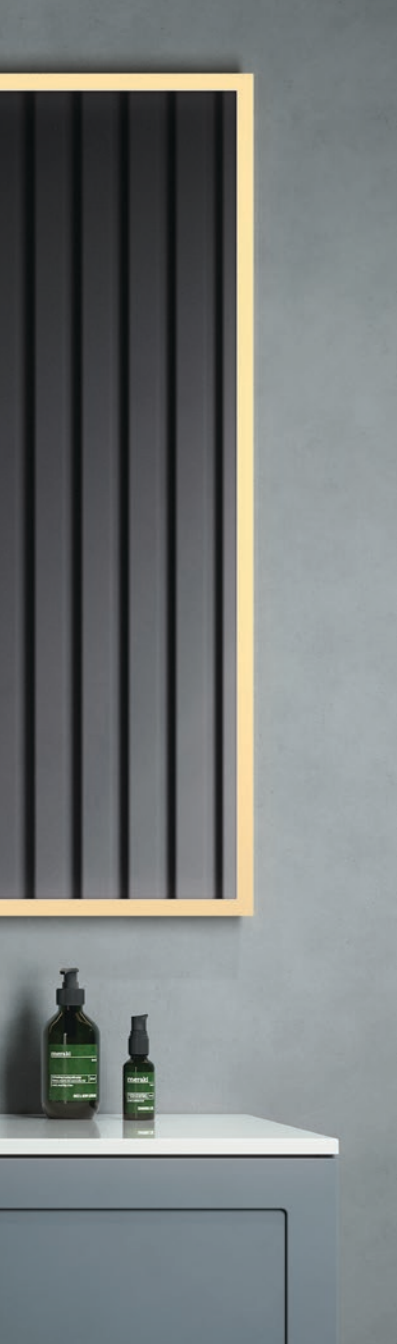

Illuminate your space with the brilliance of ICO LED Mirrors and Medicine Cabinets. Elevate your daily routine with customizable LED brightness providing crystal-clear clarity and high color accuracy, which allows for flawless grooming and ambiance.

Our medicine cabinets provide modern design and functional storage for any space. These cabinets all come with the same features as the LED mirrors, and plug-ins for your grooming tools.

THE WALLFLOWER

With the sole purpose to show how our product line can be used functionally and stylishly in any bathroom size/space, this moody, small powder room is anything but ordinary.

Inspired by the wallpaper resurrection and the comeback of dark blues and greens, this was a great opportunity to show-off one of our most stunning finishes – PVD Brushed Gold.

Our immensely popular Cinder accessories complement the square design of the Avento towel warmer, both available in our PVD Brushed Gold finish. And what a great excuse to show-off some of our products that share unique shapes like the Corelli vessel sink and Felix LED mirror.

Chrome

A double towel bar, model CRATER*, is mounted on a light-colored, textured wall. The bar is made of a dark, matte black material and consists of two parallel horizontal bars. Two green towels with a textured, waffle-weave pattern are hanging from the bar. The towels have a bright green border. The bar is secured to the wall by two square mounting plates. The lighting is soft, casting a gentle shadow of the bar and towels onto the wall.

THE COVE

Modern, minimal and clean: The inspiration for the Cove room. A mixture of glossy and matte tiles with brilliant chrome finishes creates an elegant and minimalistic space.

To keep the minimal look, we thought a Jackson medicine cabinet would be a great way to hide away storage while still providing a statement with its LED lighting and features.

The Summit accessories in Chrome were a great way to incorporate round finishes to match the faucets and the rounded towel warmer.
